## Clean Your Blender With Ease

Every once in a while it's a good idea to give your blender a thorough cleaning. Pour 1 cup vinegar into the jar and add a squirt of dish liquid. Put the jar top on and blend the mixture for 1 minute. Rinse and dry. This will get it super clean!

## Repel Ants & Keep Other Critters Away

To keep ants, fleas and cockroaches away, add the juice of one lemon to your mop water. This will keep the critters from entering your home because they hate the smell of citrus. It'll leave your home smelling good too!

## Clean Your Toilets With Mouthwash

Grab a bottle of mouthwash and pour 1/4 cup into the toilet bowl. Let sit for 30 minutes to an hour, then scrub with a toilet brush and flush. Your toilet will be clean, disinfected and minty fresh!

## Oldie But Goodie

This week's oldie but goodie post is one of my favorite things I have ever built...my [Portable Tool Storage Caddy!](#) This was the first thing I ever built using power tools, and was soooo easy too! It houses all of my tools, paint supplies and even has room in the middle for me to hang all of my out of season wreaths and door hangings! The instructions show how easy it is to build and cheap too!
